TEN CENTS A WEEK

ZELAYA SAID TO HAVE BURNED AMERICANS

This Report That Reaches This Country--Did It to Make Identification Impossible.

WASHINGTON, Dec. 4.—President Hayes has not only refused to take official cognizance of Secretary Knox's note, which was practically an ultimatum, but he is declared to have dispatched special agents to Washington in endeavor to have the State Department's ultimatum set aside first by appeals to that department, and secondly by direct appeals to members of Congress. The State Department is entirely aware of the presence and identity of these emissaries. These special agents are being watched in a general way.

It was reported yesterday that any attempt to escape from the country would receive the direct and vigorous attention of American warships now lying off the coasts of Nicaragua. Secretary Hayes' note indicated in the plainest language that the State Department looks upon Zelaya as the man responsible for the torture and death of two Americans, Groce and Cannon.

The plan to deflect the United States government program with reference to Nicaragua came to light last night when Senor Fernando Sanchez and Dr. V. M. Roman arrived here. Neither Senor Sanchez nor Dr. Roman would talk. They gave their address to New York.

Members of the Central American diplomatic corps, however, were in a better position when they discovered the new arrivals. Senor Sanchez, they declared, is a partner of Zelaya in many of the latter's business ventures in Nicaragua, and he has managed to amass a fortune of between four and five million dollars in gold. Dr. Roman, the report continued, long has been Senor Sanchez's business advisor, and he also is a close friend and adherent of Zelaya.

During the afternoon and early evening more than a score of telegrams were dispatched from Senor Sanchez's rooms. Almost an equally large number were received. This telegraphic activity, the Central Americans insist, is aimed at members of Congress, with a view of winning over enough of them to render the administration's present program inoperative.

Accident to Little Child.

Hamlin, the three-year-old son of J. A. Seal, who resides in the northern section of the city, was the victim of a most painful accident two or three days ago which nearly cost him his life, and which will leave a lifelong scar as a reminder.

The little fellow was playing in the vicinity of where a colored boy was

working when he got under the hoe in

the event it is presented to Congress.

Dr. Salvador Castrillo, the diplomatic agent of the provisional government of Nicaragua and representative of the revolutionists here, yesterday made formal request to Secretary Knox that he be received on equal terms with the agents of the Zelaya government. It is generally believed that Dr. Castrillo's request will be granted.

While making all preparations for action, this Government has resumed the calm that preceded the issue of Secretary Knox's note. There were no developments in the State Department yesterday.

To all appearances the department is "marking time" until occasion arrives for further action.

In explanation of the status of American consular officers in Nicaragua, it was said yesterday that in all probability the Nicaraguan consuls in this country would not be disturbed for the present at least, nor was it thought that the American consuls in Nicaragua would be required to leave that country.

BURNED GROCE AND CANNON.

Zelaya Burned Their Bodies, According to Report.

NEW ORLEANS, Dec. 4.—The bodies of Leroy Cannon and Leonard Groce, the two Americans executed by order of President Zelaya of Nicaragua, were burned, declared passengers arriving here yesterday from Nicaraguan ports on the steamer Dictator. It was reported that incineration was resorted to to conceal the means of identification. Afterwards, it was said, Zelaya found it was impossible to conceal the fact that the Americans had been killed, and was forced to make a report to this effect to the State Department at Washington.

Passengers on the Dictator say that all is quiet in the vicinity of Bluefields, and there was no indications at the time of the Dictator's departure, six days ago, of any advance being made on the Bluefields section by the forces of Zelaya.

Deceased had been suffering from the carbuncle for several days, when it was found that an operation would be necessary. He was brought to the Sanitarium for that purpose, and the operation performed, but the affliction had reached such a stage that blood poison resulted, and he breathed his last from this cause.

Deceased was about fifty years of age, and is survived by a wife and several children, to all of whom the sympathy of friends is extended.

The remains were taken to Micaynopy by private conveyance yesterday, and the funeral will be held there today.

DEATH OF J. M. TURNER.

One of Alachua County's Well-Known Citizen Passed Away.

James M. Turner of the Micaynopy section, one of Alachua county's most widely-known citizens, died at the Odd Fellows' Sanitarium about 7 o'clock Saturday morning from blood poison, resulting from a severe carbuncle on his neck.

Although an attempt was made in the Payne bill to solve the deficiency in the national finances, it failed utterly. The new tariff bill falls short, by over \$50,000,000 a year, of bringing in sufficient revenue to equal the expense of the Republican administration. Uncle Sam's distressed treasury is now considered by both parties

MR. SMITH TO LEAVE.

After Many Years Spent in Business Here, Will Return to Jacksonville.

After many years spent in business in Gainesville, where he has conducted one of the best modern photograph galleries and studios in the State, James F. Smith expects to return to his former home in Jacksonville, and will leave tomorrow.

Mr. Smith has not only established an excellent business in his profession, but his reputation extends to every quarter of the State, for his ability as an artist has been recognized everywhere. Aside from this, he has made many friends, all of whom regret very much to see him leave, but wish him success wherever he may go.

Will Go to New Mexico.

Mrs. G. Henry Futch has arrived in the city from Knoxville, where she has been residing for the past few months, and is the guest of Mr. and Mrs. J. E. Futch, East Church street. Mr. Futch is expected in a few days, and after spending a short while here Mr. and Mrs. Futch will go to New Mexico, where they will make their future home. Both young people are well known and popular here, and their numerous friends will be delighted to greet them through the holidays.

COMING SESSION WILL ECLIPSE ALL OTHERS

In Matters of Expenditures Is Now Expectation Regarding Congress to Assemble December 6th.

WASHINGTON, Dec. 4.—While the approaching session of Congress promises nothing in the way of postal bank or other legislation sought by the people, it does promise to establish a new record as a money-spending session.

Increased appropriations for the various departments is a certainty. This is in spite of the fact that the report of the United States treasury shows that the "excess of all disbursements over all receipts" thus far this fiscal year amounts to the colossal sum of \$41,043,200. For the month of November alone the government spent \$7,000,000 more than it took in.

A much better showing than the one now made ought to be possible considering the heavy receipts. The customs receipts for the fiscal year thus far, since June 30, have been about \$22,000,000 heavier than last year for the corresponding period.

Internal revenue receipts have been about \$5,000,000 heavier. But the swollen expenditures, resulting from increased appropriations by Congress, have largely eaten up the increase. Thus while all receipts for the fiscal year are about \$22,000,000 heavier than for the same period last year, the expenditures have been about \$14,000,000 heavier.

Although an attempt was made in the Payne bill to solve the deficiency in the national finances, it failed utterly. The new tariff bill falls short, by over \$50,000,000 a year, of bringing in sufficient revenue to equal the expense of the Republican administration. Uncle Sam's distressed treasury is now considered by both parties

to be one of the biggest questions before the American people. Along with the upward tariff revision it is certain to be the absorbing issue in the Congressional elections of 1911.

The appropriations for next year aggregate \$1,044,014,298, or more than \$12 per capita if distributed to the individual. Seventy millions of dollars of increase in expenses is occasioned by the addition in the last eight years of 92,225 Federal office-holders. The present standing army of the United States numbers only about 65,000 men.

Under the estimates already arranged for the Taft administration, the money-spending campaign promises to reach a higher mark than during the Roosevelt administration, when the deficit was the largest ever faced by the Government.

A reign of wastefulness started in with the day Grover Cleveland turned over the administration to his successor, William McKinley. Figures tell a story so momentous it is almost impossible to fully comprehend it. The aggregate appropriation for the last Cleveland administration was \$1,574,105,556, and the aggregate appropriation for the last Roosevelt administration \$3,214,993,198—twice the sum required to run the Government under Cleveland.

Here is the way the expenditures have been creeping up:

Appropriations Last Biennial Period.	Cleveland administrat'n. \$ 954,493,055	McKinley administrat'n. 1,475,886,291	Roosevelt administrat'n. 2,055,336,796
Taft (estimated first biennial period)	2,500,000,000		

A Bad Dog.

In reference to the ferocious dog which was killed by Mr. Waters on Friday afternoon, Capt. Elmore informs the reporter that the canine had been given him a few hours before the killing by Mr. Simpson, and he had turned it over to Jeff Simons for keeping until Saturday, when he intended sending the dog to his farm in the country. From all we can learn, the dog was not afflicted with hydrophobia, being perfectly docile towards Mr. Simpson and Capt. Elmore, but it was ferocious towards other canines and had masticated several of them on nights previous to its being killed.

Another ferocious dog is said to be still at large, and no one can be blamed for killing dogs of such nature.

Another ferocious dog was killed by J. H. Avera early Saturday morning. The animal had attacked Mr. Avera's dogs in the wood house and was attacking W. C. Matheson's dog when Mr. Avera killed him.

Thirty Men Are Drowned By Sinking of Steamer

LONDON, Dec. 4.—In a terrific gale that raged yesterday over the British Isles the steamer Thistlemore went to her doom off Appledore in Barnstable bay. It is believed her entire crew of thirty men perished. Four bodies from the steamer already have been washed ashore.

The Thistlemore was in command of Capt. Yeo and was bound from Liverpool for an American port.

Small vessels everywhere were at the mercy of the elements and Lloyds report eight of them having

been driven ashore at various points. Their crews, however, all escaped. The British steamer Congress, which arrived at Falmouth yesterday, reported that during the storm her captain, the mate and one seaman were washed overboard by mountainous seas. The seaman was picked up, but the captain and mate were lost.

The British steamer Thistlemore was 4,000 tons and was built in 1906 at Stockton, England. She was owned by the Albyn Line of Sunderland.

NEW REALTY COMPANY WILL PROVE BIG THING

A REAL LIVE CONCERN WHICH IS
BOUND TO HELP GAINESVILLE.

University Place Property Will Be
Placed on Market Monday.
Some Desirable Lots.

As will be seen by their announcement elsewhere in this issue, the Hampton-Watson Company place on sale Monday, the magnificent subdivision of the W. R. Thomas Real Estate Company, known as "University Place." This property, located on Liberty street, the best paved street in the city (and its main thoroughfare) between the court house square and the University of Florida, is the best subdivision property ever offered the public in Gainesville, and its development will mark a new era in the history of the city, for it will complete the beautifying of her proudest and best thoroughfare.

The W. R. Thomas Real Estate Company shows its absolute confidence in the intrinsic value of the property by agreeing to do what no other real estate company in Florida has ever done before, viz: Set aside a building fund of thirty-three and one-third per cent of the entire sales, from which it proposes to loan to purchasers of lots, at six per cent per annum, double the amount of the purchase price paid for such lots, for building purposes only. The applications for loans from this fund are to be acted upon in the order in which filed. This is an extraordinary offer, and proves that the desire of this company is to develop the city, as well as make money.

The Thomas Company also binds itself to pave every street, and put a granolithic sidewalk in front of every lot sold, at the expense of the company.

Liberty street, on which this property has a frontage of about 2,500 feet, has a fine system of cement sidewalks for two miles, from city limits to city limits, and is paved its entire length. It is the main artery through which flows Gainesville's country trade, and is easily her most important street. No afternoon drive is complete without a spin on Liberty street as far as the University, and in consequence, this street is Gainesville's fashionable boulevard, crowded with automobiles and other vehicles every afternoon and evening.

Would it take a very shrewd prophet to foretell the future of property so located?

It is written, that the greatest growth of all cities shall be westward, and Gainesville will be no exception to the rule, in fulfilling her destiny. Hindered for a long time by peculiar local conditions, she grew north and east; but at last favored by the location of the University of Florida in that direction, she is now in line to obey that mysterious law which none can explain, but all admit exists, and will grow to the westward.

Already fine homes are springing up in front of the University, and we predict that in five years or less, when the oaks now growing will furnish complete shade, some of the highest priced residence property in Gainesville will be on West Liberty street, and its immediate vicinity.

For this reason, The Sun unhesitatingly commends this property to persons who wish it for homes or investment.

One hundred and fifty thousand dollar Government building, magnificent Elk and Masonic homes, mammoth department stores, great hardware establishments and furniture stores, fine, prosperous banking houses, fine hotels, beautiful homes, fine cement sidewalks, sewerage, waterworks and public utilities of every kind are not found in country towns. Gainesville is now a city; she is growing rapidly and her future is assured. Well selected real estate anywhere within her limits is as sound an investment as Government bonds.

Those who are shrewd enough to see it in time, and act, will profit by it. The doubters, and those who hesitate until too late, will share the fate of their kind the world over, and "lose out."

A jolly party of Macon, Ga., folks passed through the city yesterday en route to Homossassa, where they go in their annual hunting and fishing trip. The party comprised W. J. Massey, Joseph N. YOU WERE ALL INTERESTED!

In the Tampa to Tampa Endurance Contest that passed through here last week, and you are no doubt equally anxious to learn of the outcome. Well, we could have told you what it would have been last week, by our past experience:

"STUDEBAKER E. M. F. 30" at \$1250 OF COURSE Won The Tampa Times Trophy With a PERFECT SCORE

This car was driven by Mr. Horace Williams of St. Petersburg, Fla., owner of the car. The Observer's report shows that there was not an adjustment of any kind made on the engine, ignition system or magneto. The water did not heat in the radiator over the steepest hills or the deepest sands. When Mr. Williams was congratulated on having won The Times Cup he said the congratulations were due the car and not himself, as he knew absolutely nothing about an automobile, having owned this car less than a month, and if any adjustments had been necessary he would have been left on the road.

No. 16, "E. M. F. 30," was driven by Mr. Walter Beeman, and this car smashed all previous records ever made between the two cities. His running time from Ocala here, a distance of 43.7, was 1 hour and 50 minutes; 18 miles of this distance was made over a wet, slippery road, in a heavy downpour of rain, and got off the right road three times, which would make approximately 50 miles he ran. His car's schedule was 6 hours from St. Augustine to DeLand. He lost 2 hours and 2 minutes, by the Observer's card (this for a broken front spring which cost him only \$4 and an 1-2 hour's labor), stopped twice between Daytona and DeLand to adjust this spring, and even with all this, CHECKED INTO DELAND AHEAD OF TIME! He ran from Daytona to DeLand, a distance of 24 miles, in exactly 44 minutes. All who accompanied this car concede that the time made and the way this car stood this trip was little short of marvelous.

LET US DEMONSTRATE TO YOU ITS MERITS.

Mrs. COLSON WAS VICTIM OF ROBBERY

WHILE ON HER WAY HOME BURLY NEGRO SNATCHED PURSE.

bold Attempt Under a Bright Light, But No One Sufficiently Near to Render Assistance.

The second depredation of purse-snatching within three days was demonstrated Saturday night, when Mr. J. H. Colson was assaulted and his purse taken away from her with deliberation under the brilliant glow of an electric light, and the thief escaped without being apprehended.

This bold thief was evidently the same fellow who snatched the purse of Mrs. M. H. McClamroch on Thursday night, and who was never captured. Feeling confident from the fact that he was not captured Thursday night, he was encouraged, and made another effort with success upon Mr. Colson.

The story of Mrs. McClamroch and her experience has already been published in The Sun. Notwithstanding

The Big Furniture Store

We Would Call The Public's Attention....

To the fact that everything carried in a Furniture store is on the upward tendency in price.

We are advised by all manufacturers that after December 1st all former price lists will be advanced 15 to 20 per cent. Our stock is large. We have bought with this advance in view, and therefore we can sell you goods without putting on the advanced price. These prices can't remain very long, so we would advise all contemplating purchasers to come, send or write to the Big Furniture Store for prices. The quality of goods will show for itself.

We are getting fresh and up-to-date goods daily.

See us before buying.

that every effort was made by Rev. S. B. Rogers and others to catch the thief, he escaped, which gave him courage, and there is no doubt but that this man who snatched Mrs. Colson's purse is one and the same.

Mrs. Colson was on her way home about six o'clock in the evening, and when at a point between the Jewel Laundry and the Tabernacle she was suddenly attacked, and recognized the man as a negro, and the description, as she recognized him, was identical to that of the man who had assaulted Mrs. McClamroch two nights before. There was no one near, however, and the negro made his escape in the direction of the school grounds, which are enshrouded in darkness.

Officers were notified, but up to going to press last night there was no evidence to suspicion anyone.

This pocketbook snatcher may try a few more of his stunts, but if he is ever caught it cannot be assured what will become of him.

A DELIGHTFUL OCCASION.

Dinner by Mr. and Mrs. Edwards in Honor of Brother.

One of the prettiest and most complete affairs of the season in every detail was the dinner given Tuesday evening by Mr. and Mrs. Wiley Edwards to their young brother, James McKenzie Maye.

The color scheme of pink and white was carried out in the roses and table decorations, the center-piece being of elegant drawn work over pink satin.

Covers were laid for twenty-four, and a delicious eight-course dinner was served.

Mrs. Edwards received her guests in an exquisite gown of pastel green satin, trimmed in lace applique. Her jewels were diamonds. She was assisted in entertaining by Mrs. D. H. Tharin and Mrs. Sidney Robertson.

An attractive feature of the occasion was the dainty little painted place cards, done in dresden design, by Mrs. Tharin.

Those present were Mr. Maye and Miss Burke of Jacksonville, Mr. Hartfield and Miss Vidal, Mr. Brown and Miss Futch, Mr. Lanier and Miss Fenner, Mr. Ellis and Miss Tousey, Mr. Stewart and Miss Carlisle, Mr. Iskenheart and Miss Sadler, Mr. Stringfellow and Miss Whetstone, Mr. and Mrs. Fulwood McIntosh.

Mr. and Mrs. Edwards and Mr. Maye are recent additions to Gainesville, their former home being Montgomery, Ala. They have made many friends during their short stay here, and all trust they may remain with us permanently.

LODGE OF SORROW BY THE ELKS TODAY

IMPRESSIVE CEREMONY WILL BE HELD IN HANDSOME HOME.

The Public is Invited, and It is the Desire of Elks to See a Large Crowd Present.

All arrangements having been made, members of Gainesville Lodge No. 990, Benevolent and Protective Order of Elks, anticipate a most interesting meeting at the club lodge room this afternoon, the occasion being the annual memorial service, or lodge of sorrow.

An excellent and impressive program of a literary and musical nature has been arranged, and inasmuch as the meeting will be of a public nature, and a cordial invitation has been extended to all, a large crowd is expected. The ladies are especially requested to be present.

The ceremonies at these memorial services are always impressive, and this will be no exception to the rule. The memorial committee, consisting of J. D. Gardner, L. C. Lynch and Geo. P. Morris, have spared no pains in selecting a program, which will be furnished each person present.

The Program.

Overture—Miss Burkham.
Invocation—Rev. J. J. Clear.
Ritual.

Solo, "Einsam im Truben Tagen," (Wagner)—Miss Pedrick. Accompanist, Mrs. L. Becker.
Address—Hon. R. E. Davis.

Recitation, "The House by the Side of the Road"—Miss Sadler.

The exercises will begin at 3 o'clock. They will be held in the lodge room.

The Correct Time

To stop a cough or cold is just as soon as it starts—then there will be no danger of pneumonia or consumption. Just a few doses of Ballard's Horsehorn Syrup taken at the start will stop the cough. If it has been running on for sometime the treatment will be longer, but the cure is sure. Sold by W. M. Johnson.

Arthur W. Pye of Jacksonville has been promoted to the position of general passenger agent of the Clyde and Mallory Steamship Lines, with headquarters in New York.

NOTICE TO ADVERTISERS.

The Sun cannot guarantee the insertion of advertisements in the Sunday issue unless the copy is handed in early Friday morning. This also applies to changes in advertisements already running in the paper.

Now is the time to advertise Gainesville.

The Tampa Tribune and Times are at least agreed upon one thing—that Senator Taliaferro (Toliver) should be re-elected.

The railroads treated the people of Marion county shamefully in not giving excursion rates to Ocala on the occasion of the Marion County Fair. Such enterprises deserve all the encouragement the railroads can extend.

St. Lucie county has just voted to issue bonds to the amount of two hundred thousand dollars for building good roads. Every county in which a vote has been taken for the past year for this purpose has returned a majority in favor of bonds. The good roads movement is certainly sweeping over Florida. Let the good work go on.

The ladies of the Cemetery Association are engaged in the laudable work of constructing a hard road from the cemetery gate to connect with the piece of driveway built some years ago in that portion of the burial ground known as the old cemetery. They have not sufficient funds in hand to complete the work, but they have faith that those who have dear ones resting in the cemetery will not see the road remain uncompleted. If you want to help in this laudable work, send your contribution to Mrs. F. D. Warner or Mrs. H. H. McCreary.

Just as all conservative persons expected, the prohibition amendment to the Alabama State constitution was defeated in the election held in that State last Monday. But no one dreamed that it would be so overwhelmingly defeated. The majority against the prohibition amendment was over twenty-five thousand. It simply shows that the people of Alabama are sick and tired of fanaticism and of persons going there from other States and taking charge of their political affairs under the guise of morality. The pendulum never swings so far but that it returns.—Jasper News.

A Victoria, B. C., dispatch is to this effect: "By order of the Japanese government geisha girls have been barred from the State entertainments given recently at Tokio in honor of Field Marshal Vincent Kitchener out of deference to that gentleman's reputed dislike to the female sex. The information was brought here by persons on board the steamship *Bellerophon*, just in from Oriental *Taiwan*. At the entertainment given by the Tokio municipality geisha girls were replaced by men in ancient armor carrying weapons used in mediaeval days, while the waitresses at the Maple Club were replaced by men." Did anyone ever hear of a meaner thing than this Kitchener?

FLORIDA THE PLACE.

"Nowhere in this great country does soil respond as spontaneously to the intelligent touch of man as in Florida," says The Florida Financial and Industrial Record. "Not only does the soil respond spontaneously, but responds most bountifully. The toiling husbandman has the benefit of the finest and most healthful climate on earth, with pure air, pure water and wholesome moral environment."

The tide of immigration that has for so many years been turned to the Western States is now coming toward Florida. The homespun, the farmer, as well as the capitalist, has come to realize that this wonderful land offers the greatest and surest place for lasting and abundant living of any in the United States. An honest man is the noblest work of God is not more true than that a Florida farm is the greatest inheritance of man.

A man who has lived in Florida for many years, after sojourns of various lengths in numerous other parts of the country, gives the following advice:

"If you are still on the youthful side of the line, my counsel would be to provide for the declining years now. Seek the balmy ozone of the soothng pines, mingled with the salty breezes of the mighty deep, where long life is assured and where peace and plenty is part of your guarantee of title to the land."

CHURCH ADVERTISING.

New Orleans churches are now advertising their services in display type, and The States says:

"We have never been able to see any force in that peculiar system of ethics which forbids the proper advertising of church services and church work. A wholesome departure from this antiquated prejudice against church advertising was manifested by the displayed advertisement inserted by the First Presbyterian church on Sunday in the advertising columns of The States and other newspapers of this city.

"If judicious advertising pays in business, why not in church? If the business man wants to reach the people he has found by experience that the cheapest, the quickest and the most effective way to do so is through the newspapers. The New Orleans churches are beginning to realize that fact, and the progressive administration of the First Presbyterian church will find by judicious adherence to the innovation it has introduced results gratifying."

Looked at in a philosophical light, there is no special reason why the first day of January should be different from any other day. It is not the actual beginning of the year; the twenty-first day of March, the first day of spring, more fitly deserves the honor. But the wisdom of our ancestors is in the selection of the day, and it probably will never be changed in Christendom. Practically, the date makes no difference. As a matter of fact, we used to celebrate New Year's day, prior to 1752, thirteen days later than we do now, on account of the change in the calendar, which took effect in that year. The Russians still preserve the old-style calendar, and the Hebrews keep a New Year's day based on the Mosiac chronology. The date, therefore, makes little difference, but the day is of considerable importance. As far back as history runs, it has been the custom to mark the death of the old year and the birth of the new by appropriate ceremonies.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

AT THE TENT SHOW.

C. W. Park Company Closed Successful Week's Engagement.

After playing a successful week in Gainesville, the C. W. Park Dramatic Company closed last night with the production of the four-act Western melodrama, "The Little Scout," which was presented to a fairly good-sized audience, considering that it was Saturday, when many of our merchants could not leave their places of business.

Yesterday afternoon, at the matinee, the company presented that stirring Irish comedy drama, "Kathleen Mavourneen," to a fair-sized audience, principally ladies and children. All who attended were well pleased.

Mr. Park is regarded as a sort of citizen of Gainesville, he has been coming here so long. By his pleasing personality he has made many personal friends who always herald his coming with pleasure, and who regret to see he and his excellent company "fold their tent and steal away." However, there is a consolation that this friendship is mutual, and he promises to "drop by" for a week on his way out of the State later in the season.

THE G. W. HYDE COMPANY.

This Popular Firm Will Offer Great Bargains During Holidays.

The G. W. Hyde Company are always to the front and do things, and what they do they do 'em right. Note their announcement of the great holiday sale, and in visiting this department we were amazed at the magnitude of their stock, and the beautiful collections.

You will find it very economical to make your holiday selections at the Hyde Company's store. They will lay them aside for you if you wish, as they have ample room and are prepared to care for you right.

It is a gratifying announcement they make that they will continue sale prices on their grand stock of elegant ready-to-wear goods and millinery. This department is always busy, but the stock is too large, and they prefer to slaughter them now, when the people want and need them.

Visit the Hyde store often, and visit in the morning when you can.

NATURE'S WARNING

Gainesville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously.

But nature always warns you.

Notice the kidney secretions.

If there are settling and sediment, Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills.

To ward off Bright's disease or diabetes.

Doan's have done great work in this locality.

Mrs. J. L. Warren of Starke, Fla., says: "For some time I was a victim of kidney trouble. The kidney secretions were too frequent, in passage, causing me the greatest annoyance and I suffered constantly from backaches and dull pains through the kidneys. I could not rest well and in the morning arose feeling tired and worn out. My back became very lame and I often found it difficult to get around. I at length read about Doan's Kidney Pills and procured a box. Since using them, I have been free from backaches and the soreness and lameness has disappeared. The annoyance from the kidney secretions also ceased and I am able to sleep well. Doan's Kidney Pills benefited me wonderfully and I can recommend them as the best kidney remedy I ever used."

AVOID HARSH DRUGS

Many Cathartics Tend to Cause Injury to the Bowels.

If you are subject to constipation, you should avoid strong drugs and cathartics. They only give temporary relief and their reaction is harmful and sometimes more annoying than constipation. They in no way effect a cure and their tendency is to weaken the already weak organs with which they come in contact.

We honestly believe that we have the best constipation treatment ever devised. Our faith in it is so strong that we sell it on the positive guarantee that it shall not cost the user a cent if it does not give entire satisfaction and completely remedy constipation. This preparation is called Rexall Orderlies. These are prompt, soothing and most effective in action. They are made of a recent chemical discovery. Their principal ingredient is odorless, tasteless and colorless. Combined with other well-known ingredients, long established for their usefulness in the treatment of constipation, it forms a tablet which is eaten just like candy. They may be taken at any time, either day or night, without fear of their causing any inconvenience whatever. They do not gripe, purge nor cause nausea. They act without causing any pain or excessive looseness of the bowels. They are ideal for children, weak, delicate persons and aged people as well as for the most hearty person.

They come in two size packages, 12 tablets 10 cents, 36 tablets 25 cents. Remember you can obtain them only at our store—The Rexall Store. J. W. McCollum & Co., corner East Main and Union streets.

AN IMPORTANT MATTER.

Sunday School Workers of Gainesville Should Take Notice.

Our Field Secretary, Mr. Louis Entzinger, together with Mr. Flake and Mr. Crossland, two expert Sunday school workers now employed by the Sunday School Board of the Southern Baptist Convention, will arrive in the city of Gainesville on Monday, the 6th, and hold their first service Monday night. They will also hold services Tuesday, Tuesday night, Wednesday and Wednesday night. This work is free and all Sunday school workers in the city are especially invited.

These men are coming to us fresh from the field of action and at great expense to our Sunday School Board. Their services are absolutely free, and we shall greatly appreciate it if each Sunday school worker in Gainesville will take the advantage of these expert men to improve their Sunday school work. Very respectfully,

S. B. ROGERS.

SOLD HIS FARM

Minnesota Man Makes Sale Without Aid of Real Estate Agent and Did Not Pay One Cent Commission.

Mr. H. St. John of Cass county, Minn., says: "I sold my farm to a man in Iowa at my own price, and what is more to the point, I didn't have to pay a cent commission to anyone."

"I had given up all hope of ever selling when I happened across the advertisement of Leonard Darbyshire, Incorporated, Rochester, N. Y., and this concern, by a new system of bringing buyer and seller together, sold my farm."

Mr. St. John's success in selling his farm was due to reading a booklet issued by Leonard Darbyshire, Inc., of Rochester, N. Y. This booklet tells of a new and successful method of finding buyers for farms and real estate, business properties and patents. The Corporation issuing this book are not real estate agents and do not accept a penny in commission on sales made by their assistance. Their plan of cutting out the real estate agents has met with remarkable success, and owners throughout the country are availing themselves of this opportunity to sell quickly places which for a long time remained in the hands of real estate agents, who failed to sell, for the reason that the commission which the agent had placed upon the property had killed its sale.

It is said that Mr. Leonard Darbyshire, the president of the concern, is doing more to assist property owners to sell than all the real estate agents in America combined, and anyone wishing to dispose of anything anywhere at any price, would do well to write to Leonard Darbyshire, President, Dept. 107, Rochester, N. Y., giving a brief description of the property for sale, and asking him to send a free copy of his booklet explaining his new method of selling.

I'd Like To See The Liver of a Fat Man

This is the expression of a medical man who said that the liver of a fat man must present a wonderful sight when that man is alive and performing his regular duties. The liver is the largest organ in the human body. The stomach calls on the liver and so does the blood. If the liver gives to the digestive apparatus improper juices then the digestion is wrong. This is what makes people fat. The liver is not right. On popular demand we have made the famous Marmola Prescription into Tablets which are eaten after meals just like food and they digest that food as it should be digested. They remove fat already accumulated at the rate of from 12 to 15 ounces per day and leave no wrinkles or flabby skin. Carry one in your vest pocket or purse when you dine out and eat what you will. Fasting, diet and exercise will not reduce fat. You only starve the body and by tearing down the organs you bring the fat with the rest of the destruction. Marmola tablets are sold by all druggists and in greater quantity than all the other so-called fat reducers combined.

There must be merit in them or their sale could not be growing larger every month. Ask any druggist or if you prefer send 75 cents to The Marmola Company, Dept. 284, Detroit, Mich., and they will send you a large case of Marmola Tablets in plain package by mail.

Mr. J. V. Walton and Miss Sophie Howard were married Thursday evening at the home of the bride's grandmother, in Palatka. Rev. Howard Duffill, pastor of the St. James M. E. church, performed the ceremony.

For That Dull Feeling After Eating.

I have used Chamberlain's Stomach and Liver Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating.—David Freeman, Kempt, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more. Get a free sample at any drug store and see what a splendid medicine it is.

Is what most babies have, but is of no benefit to them if they have worms. Be sure your baby is not troubled with them. Sure symptoms—always hungry, rings under the eyes, not gaining in weight and yellow complexion. A few doses of White's Cream Vermifuge will expel all worms. It is a positive cure and reliable. As real estate is the only true basis of wealth, so is it the basis of domestic happiness, and the highest human endeavor, for who can think of perfect domestic happiness in a rented home, and what man ever attained the fullness of his stature either as husband, father or citizen, who had no home he could call his own? Such a man has not only dwarfed himself, but has robbed his wife of one of the sweetest joys of woman's existence, and his children of childhood's proudest and best heritage, the memories of home. The foundation of society, municipalities, States and governments, began with the owning of homes, and civilization has progressed only in such measure as the love of home and country has grown in the hearts of men. Every living thing has a home, save the improvident man. It may be humble, and may be far from satisfactory, but it is a home. The improvident man, he and his, are the only homeless things upon the earth. Be not such a man. OWN YOUR OWN HOME. WE WILL HELP YOU.
